

TILLEY SCHOOL

**T** S A message from the Principal:  
 With the COVID-19 pandemic and the decision by Alberta Health Services to cancel classes in all Alberta schools on Sunday, March 15, 2020, our education world is going through a dramatic change in operations. Staff at Tilley School have implemented a plan to continue to deliver programming to students in accordance with the Continuing Student Learning plan provided by Alberta Education on March 20, 2020. Teachers are using a variety of methods to provide learning opportunities for their students, which could be in the form of print, digital media, and activities with resources found in the home. Teachers and support staff will regularly connect with students and parents to provide learning activities and connect to monitor how student learning is progressing. We are greatly appreciative of the support of family members in their participation in their student's learning journey. This new method of schooling will continue to be a work in progress and families are encouraged to contact the school directly through phone or email your teacher for any support you require. To all of our families and friends supporting this process, we say Thank You for being GrEaT, Stay Well and Give Space!
